

DYLAN SMITH

Hamilton, ON • (+1) 289-208-3419 • dylan@alignsoft.ca • <https://dylansmith.vercel.app>

Full-Stack Software Engineer with 2+ years of experience delivering end-to-end applications from architecture to deployment. Proven record of guiding teams through the software lifecycle and global production rollouts.

EXPERIENCE

Evertz Microsystems – Hybrid

May 2024 – Sept 2025

Full Stack Engineer (Co-op)

- Engineered and owned scalable backend microservices leveraging AWS infrastructure.
- Designed new features including AI-powered video caption transcription for live broadcasts.
- Integrated features with front-end systems and worked with QA engineers to design e2e testing.
- Architected service observability using OTel and Honeycomb to significantly reduce debug time.

Keeper Inc. – Remote

Jan 2021 – Aug 2023

Full Stack Engineer

- Lead engineer in a team of 10+ software and QA engineers, leading technical meetings and working closely with stakeholder clients and developers.
- Collaborated with the U.S. government VA dept. to build VLM, a government-hosted application serving millions of veterans and their families (listed below).
- Conducted coding interviews and recruiting for new developers, including training and onboarding for complex software projects.
- Designed CI/CD pipelines using CodeBuild/CodeDeploy and Jenkins to reduce deployment times from hours to minutes.
- Utilized Jest and Cypress to design unit and end-to-end testing suites to improve code quality.

Queen's University SAE Autodrive – Kingston, ON

Sept 2021 – Aug 2022

AI Developer

- Worked in an agile team of 30+ engineering students working in the GM SAE Autodrive competition.
- Programmed AI and computer vision algorithms for vehicle perception for a self-driving car.
- Analyzed information to determine and plan design of AI algorithms; presented ideas to team leaders.

PROJECTS

evertz.io – Broadcasting Service • <https://evertz.io>

2024 – 2025

Veteran's Legacy Memorial (VLM) • <https://www.vlm.cem.va.gov>

2021 – 2023

Professional Portfolio Website • <https://dylansmith.vercel.app>

2020

Waygo – Mapping and Routing App • <https://waygo.vercel.app/live-map>

08/2020 – 12/2020

EDUCATION

Queen's University, Kingston, ON

2026

Bachelor's Degree, Computer Engineering, Software Engineering/AI Specialization

Burlington Central High School, Burlington, ON

2020

Graduated 4.0 GPA with Honors, Highest Marks Award

SKILLS

AWS (Lambda, Cloudformation/CloudWatch, S3, ECS, EC2, IAM, RDS, CodePipeline), Boto3, CI/CD, DevOps, Observability, Javascript, Typescript, HTML/CSS, ReactJS, Next.js, Redux, Node.js, Express, Python, RESTful API, Git/Github, GitHub Actions, Linux, PyTorch/Tensorflow, Pandas, Jenkins, Jira, Confluence, Microservices, Docker, OOP, Automation, Agentic AI
